SITUATION

Silverdale lies close to the village of Inverarnie in Strathnairn lying just to the south of Inverness. The property is in a unique setting with a sense of remoteness and total seclusion and yet is just minutes from the city centre.

Inverness has all the facilities of a modern city including its main line railway station, airport with regular flights to the south and Europe, and excellent digital communications. The mix of old and new has allowed the city to retain much of its historic dignity and strong Highland culture which blend well with modern theatre and the arts. Immediately outwith the city lies the beautiful and unspoilt Highland countryside with its rivers and lochs, varied coastline and dramatic hills and mountains, along with a number of quality golf courses, all providing many opportunities for rural sport and recreation.

DESCRIPTION

Silverdale was constructed about 15 years ago and designed and with careful attention to detail to create a house that combines the best of traditional style with modern comforts. The exterior is beautifully proportioned and has crow step gables, deep window openings and a Welsh slate roof, while the interior has gracious family accommodation and finishes of the highest standard including teak flooring, porcelain tiling, stone fireplaces and magnificent glass chandeliers. A two-bedroom annexe, which can be either self-contained or incorporated into the main house, has previously been a successful holiday let.

ACCOMMODATION

Ground Floor – Entrance Hall. Dining Hall. Drawing Room. Study. Dining Kitchen. Cloakroom.

Annexe – Sitting Room with Dining Area. Two en suite Bedrooms. Kitchen.

First Floor – Master Bedroom with en suite Bathroom and Dressing Room. Two en suite Bedrooms.

Two further Bedrooms. Family Bathroom.

GARDEN GROUNDS

The property is approached from the public road, double gates opening to a driveway which leads through the grounds and to a gravel parking area in front of the house.

The grounds extend to approximately 120 acres. Lawned gardens lie around the house with a classical, raised terrace running along the length of the rear of the house. The policies comprise well managed, mature amenity woodland with a network of good tracks and dotted with lochans, encapsulating in miniature the essence of the Highland landscape.

The woodland, which is predominantly coniferous, was planted in 1979 and is fully deer fenced. As well as a natural habitat for native wildlife such as roe deer and pine marten, the grounds provide opportunity for a range of activities including stalking, wildfowling, trout fishing, a shooting range and quad bike riding.

BIOMASS BOILER

The Farm 2000 Biomass boiler provides the central heating and hot water. An efficient system that has been designed to take large lengths of wood, minimising manual labour. The system is self-sufficient in timber which is supplied as part of the management of the woodland at Silverdale.

BORE HOLE

A bore hole provides the private water supply which has been certified as mineral water standard.

DIRECTIONS

From the A8082 ring road in Inverness, take the B861 to Inverarnie. Follow this road for approximately three miles and the turning to Silverdale is on the right hand side.
