# LOCATION

65 Sussex Street and 78 Middlesex Street are located in the heart of Glasgow, approximately 1.25 miles South West of the City Centre and in close proximity to the Kingston Bridge.

The subjects are easily accessed via the M8 (Edinburgh and the East), the M74 (Carlisle & the South) and the M77 (Ayrshire) motorway networks.

The subjects have excellent public transport links and are served by both regular bus service and subway, with Kinning Park Station located approximately 0.2 miles from the property.

65 Sussex Street and 78 Middlesex Street are situated within an area of mixed use but which is primarily industrial uses. Both Kingston Bridge Trade Park and Kinning Park Trade Centre are located within close proximity of the subjects and occupiers in the area include a number of national operators such as Toolstation, Screwfix, Crown Decorating Centre, Edmundson Electrical and Johnstone's Decorating Centre.

# DESCRIPTION

The subjects comprise two modern semi-detached industrial buildings of steel portal frame construction with brick external dado walls and profiled metal cladding upper walls and roofs.

**65 Sussex Street** was let as and is currently used as an office and has been fitted with suspended ceilings, painted plasterboard walls and is a mix of open plan and cellular space. The unit's two roller shutter doors are still in situ and working. One provides access to a glazed entrance leading to the reception area and the other provides access to a small equipment store. The yard area to the front of the property is common. The tenant has recently requested consent to install photo voltaic cells (solar panels) on the roof and this has been granted. The installation of PV is likely to significantly improve the property's environmental credentials.

**78 Middlesex Street** is used as a highly secure cash sorting facility by the tenant who also owner occupies the adjacent building. Internally the property benefits from two story offices, an open plan operational/storage space and a secure loading bay.

All internal partitions are of painted blockwork construction. Externally the yard is also common, however, as the tenant also owns the adjoining property they have created a highly secure yard area with 8m high security fencing, electrically operated sliding gate, security turnstile and CCTV tower.
