Land at Lumbo

SITUATION

The land at Lumbo enjoys a highly sought after location on the edge of St. Andrews near Mount Melville and Lumbo in the county of Fife. The area enjoys a beautiful setting close to the coast and directly south of the ancient town of St Andrews.

DESCRIPTION

The land is largely used for arable cropping including cereals and vegetables and is classified as Grade 3(1) land according to the James Hutton Institute. The arable land appears to be in good condition, generally free draining and comprised of brown earths soil. The land lies approximately between 48m and 67m above sea level. The arable fields at Lumbo are level to the south and gently slope to a shallow northerly aspect. The fields are of a size and shape that are well suited for modern agricultural practices. The field boundaries, where present, are a mixture of hedges and post and wire fences which are generally in good condition. The land is accessed by a minor public road to the south of the block of land, which runs between the junction with the A915 adjacent to Cairnsmill Caravan Park and Balone to the west.

To the east and west of the arable land are two areas of woodland adjacent to Lumbo Den and Cairns Den extending to approximately 12.03 acres (4.87 hectares). The compartments comprise a range of species and ages including but not limited to Silver Birch, Oak, Ash and Horse Chestnut.

The Land at Lumbo is located within the Local Landscape Area (Craigtoun, SLA-SAEF) and the St Andrews Green Belt. Given the unrestricted rights of access, location and position of the Land at Lumbo, land may appeal to potential purchasers seeking to develop the land in the future, subject to obtaining necessary consents.

The land can be classified as follows:
